PRODUCT DESCRIPTION

Manufactured of AISI304 or AISI316L stainless steel for high-purity industrial filtration requirements. The snap-fit bag ring positioning feature allows bags to have a firm, secure seal. Single-bag housings accept standard Size #1 or Size #2 bags. Multi-bag housings accept 2, 3, 4, 6, 8, or 12 Size #2 bags. Multiple options for porting type and size. Provided standard with upstream & downstream gauge ports and lid-mounted vent port.

Housings are typically in stock.
