#### PRODUCT DESCRIPTION

### **E-SV PUMP:**

Goulds e-SV fabricated vertical multi-stage pump is an energy saving, nonpriming pump coupled to a standard premium-efficient motor. It's built to withstand a variety of, mechanically aggressive and high temperature liquids, and is designed to extend uptime and help reduce lifecycle costs in

www.pfcestore.com - 763-425-7890 / 800-328-2350

a wide range of demanding applications.

The e-SV range of pumps features 11 models, and each can be specially configured for a wide range of environments. What's more, when an e-SV is paired with a Hydrovar® or Aquavar® IPC variable speed drive, it provides energy saving increases up to 70% vs. fixed speed, while reducing installation time.
