Model Number e-SVE
Part Number 1SVE6GB3LM0

PRODUCT DESCRIPTION

Goulds VFD Pump, low loss and increased control make the e-SVE series a good choice in applications and systems where fixed speed pumps are commonly used. The e-SVE series is easy to integrate in control and regulation loops thanks to the wide availability of

www.pfcstore.com - 763-425-7890 / 800-328-2350

compatible communication protocols, including analog and digital inputs.
The pump is supplied with a pressure sensor.

Ease of use and commissioning e-SVE has an intuitive interface that guides the user through the installation, and a practical area to assist with connections. The control system is integrated and no additional external electrical panel is required.

Estimated delivery is 3 to 4 weeks
