GRUNDFOS CM 1-3 PUMP CAST IRON, 304SS, EPDM SEAL, 3 PHASE

BEP 9 GPM @ 90 FTH | Connections 1" NPT | Horse Power .577 | 3
Phase | Volts 208-230-460 | Wetted Material Cast Iron-304SS-EPDM

SKU: 97568260 Stock: Out of stock contact us for lead time Categories: <u>Grundfos CM Pumps</u>

Model Number 97568260 Part Number CM 1-3 A-S-A-E-AQQE E-A-A-N

PRODUCT DESCRIPTION

Grundfos CM pump has been created with compactness, flexibility and reliability as its central features. This horizontal multistage close-coupled pump is a compact, reliable and quiet pump designed to work in a variety of applications.

The difference between the CM and the CME pump ranges is the motor. CM pumps are fitted with mains-operated motors, whereas the motors for CME

www.pfcestore.com - 763-425-7890 / 800-328-2350

pumps have an integrated frequency converter and PID controller.

A Grundfos engineered mechanical shaft seal has been designed to eliminate industry-wide problems with shaft seals sticking where SIC-SIC seal faces are used. The solution builds on both the implementation of a rotation stop on the stationary ring and different surface finishing on both the stationary and rotating rings.

The CM and CME pumps are available in cast iron or stainless steel

• AISI 304/DIN 1.4301 stainless steel for water and non-corrosive liquids • AISI 316/DIN 1.4401 stainless steel offers
