Model Number CMBE 10-54

Part Number 98548118

PRODUCT DESCRIPTION

The Grundfos CMBE Booster is a compact booster system for water supply. The integrated speed controller enables the CME Booster to keep constant pressure in the pipe system. A pressure sensor monitoring changes in the water consumption will signal to the speed controller to change the motor speed to adapt performance to the new state. The CME Booster is very easy

www.pfcstore.com - 763-425-7890 / 800-328-2350

to install. When the pipework has been installed, it is all a matter of plugging the unit into a socket, and the system is operational.

The CME Booster consists of:

- CME pump with integrated frequency converter
 - 5-way valve
 - expansion tank
 - pressure gauge
 - manometer

Features

- Constant pressure, integrated speed control
 - compact
- robust, stainless steel
 - easy installation
 - dry run protection

Thermal protection

CME Booster pumps require no external motor protection. The MGE motor incorporates thermal protection against slow overloading and blocking

Estimated delivery is 3 to 4 weeks
