Water Systems

Model Number CMBE TWIN 10-54
Part Number 99503875

PRODUCT DESCRIPTION

The Grundfos CMBE TWIN Booster is a compact booster system for water supply. The integrated speed controller enables the CME Booster to keep constant pressure in the pipe system. A pressure sensor monitoring changes in the water consumption will signal to the speed controller to change the motor

www.pfcestore.com - 763-425-7890 / 800-328-2350

speed to adapt performance to the new state. The CME Booster is very easy to install. When the pipework has been installed, it is all a matter of plugging the unit into a socket, and the system is operational.

The CME Booster consists of:

- CME pump with integrated frequency converter
 - 5-way valve
 - expansion tank
 - pressure gauge
 - manometer

Features

- Constant pressure, integrated speed control
 - compact
 - robust, stainless steel
 - easy installation
 - dry run protection

Thermal protection

CME Booster pumps require no external motor protection.

The MGE motor incorporates thermal protection

against slow overloading and blocking

Estimated delivery is 3 to 4 weeks
