**Part Number** 99503861

## PRODUCT DESCRIPTION

The Grundfos CMBE TWIN Booster is a compact booster system for water supply. The integrated speed controller enables the CME Booster to keep constant pressure in the pipe system. A pressure sensor monitoring changes in the water consumption will signal to the speed controller to change the motor

[www.pfcestore.com](http://www.pfcestore.com) - 763-425-7890 / 800-328-2350

speed to adapt performance to the new state. The CME Booster is very easy to install. When the pipework has been installed, it is all a matter of plugging the unit into a socket, and the system is operational.

### **The CME Booster consists of:**

- CME pump with integrated frequency converter
  - 5-way valve
  - expansion tank
  - pressure gauge
  - manometer

### **Features**

- Constant pressure, integrated speed control
  - compact
- robust, stainless steel
  - easy installation
  - dry run protection

### **Thermal protection**

CME Booster pumps require no external motor protection. The MGE motor incorporates thermal protection against slow overloading and blocking

**Estimated delivery is 3 to 4 weeks**
