Model Number MTR 5-7/7 A-WB-A-HUUV
Part Number 96515435

PRODUCT DESCRIPTION

Grundfos MTR pumps are vertical multi and single stage centrifugal pumps designed for pumping of cooling lubricants for machine tools, condensate transfer and similar applications. All models are designed to be mounted on top of tanks with the pump stack immersed in the pumped liquid.

Heavy-duty, multistage pumps that offer a unique hydraulic design and an unequaled performance range. Cartridge shaft seal and a universal flange system enables rapid replacement and ensures reliability. Special priming screw in allows for liquid levels down to 1 inch (25 mm) and protects against dry running
