Part Number SCALA1 5-55

PRODUCT DESCRIPTION

Grundfos SCALA1

Grundfos SCALA1 is a self-priming, multistage pump, which combines all the components of a pressure booster into a compact composite enclosure.

SCALA1 can communicate with Grundfos GO Remote app through a built-in Bluetooth technology, which enables high customization options, making this pump a

good fit for every application.

Grundfos SCALA2

Grundfos SCALA2 is a fully integrated, self-priming, compact waterworks for pressure boosting in domestic applications.

SCALA2 incorporates integrated speed control which allows maintaining a perfect pressure in the taps. This means that the pump performance will adjust to the the increasing demand.

When out of stock, estimated delivery is 3 to 4 weeks
