Model Number

16-25709-140108-2821P

Part Number 20709 VL

PRODUCT DESCRIPTION

Grundfos Paco pushes the limits of pump performance. The VL offers comprehensive sizes and configurations to meet your needs. It has a superior hydraulic and mechanical design, which produces higher efficiency, reduced pump noise, and longer pump life.

The VL can be fitted with a speed-control system, which significantly cuts energy use and provides a pump payback in as little as one to two years.
