## PRODUCT DESCRIPTION

### T100 Specs

- Hydra Cell T100 seal-less design eliminates leaks, hazards and the expense associated with seals and packing
- Low NPSH requirements allow for operation with a vacuum condition on the suction - positive suction pressure is not necessary
  - Can operate with a closed or blocked suction line and run dry indefinitely without damage, eliminating downtime and repair costs

**www.pfcestore.com - 763-425-7890 / 800-328-2350**

- Unique diaphragm design handles more abrasives with less wear than gear, screw or plunger pumps
- Hydraulically balanced diaphragms to handle high pressures with low stress
  - Lower energy costs than centrifugal pumps
- Rugged construction for long life with minimal maintenance
- Compact design and double-ended shaft provide a variety of installation options

Estimated Delivery is 3 to 4 weeks
