## PRODUCT DESCRIPTION

### Features and Benefits

- **Fast maintenance in place** – Disassemble, de-rag, and service the pump without removing suction or discharge pipework.
- **Less downtime** – Routine maintenance is faster, cutting labor hours and keeping operations online.
- **Simple tools only** – All you need are basic spanners and an Allen key.
- **Lower waste** – Replace only the elastomeric element, reuse clamps, and reduce scrap.
- **Modular by design** – Stock fewer parts and adapt quickly with a two-

stage stator option.

- **Flexible servicing** – Swap only the part that’s worn, whether suction or discharge side.
- **Proven reliability** – Backed by NOV’s patented design and decades of Moyno and Mono expertise.
- **Lower cost of ownership** – Reduced maintenance, labor savings, and longer wear life add up over time.
