PRODUCT DESCRIPTION

- Shelco string wound recognized as the industry standard for high quality wound filters – these filter cartridges last 2-3 times longer than standard melt-blown or spun bond cartridges
 - Computerized production machinery produces precise geometric patterns to ensure high efficiency, superior dirt-holding capacity and repeatable performance
- Wide range of media and core materials to meet most temperature and chemical compatibility requirements

www.pfcestore.com - 763-425-7890 / 800-328-2350

- Available in 0.5 150 micron ratings
- Ideal for removing solids from liquids, compressed air or gases
- Independently tested to have the highest efficiencies in the industry
