PRODUCT DESCRIPTION

• High Speed Performance

The EJ Series operate at 360 strokes-per-minute, providing high resolution chemical feed and high turndown capability. Most competitive products operate at slower speeds, resulting in slug feeding, accelerated diaphragm wear and poor feed control.

• Universal Voltage

The Universal Voltage Function enables the EJ Series to operate at any AC voltage. The EJ Series also conform to global Standards.

• External Control

The EJ Series have both digital input and Stop/Start inputs built into the pump, enabling either proportional or On/Off control.

• IP65 Equivalent Protection

A robust housing protects the pump from normal wear. Mounting the Digital Display and Key Pad control within the drive housing creates a highly water resistant design. A clear cover further protects the pump from liquids.

Estimated Delivery 2 weeks

ADDITIONAL INFORMATION

Weight	10 lbs
Dimensions	14 × 10 × 14 in
Connections	<u>3/8"OD</u>

www.pfcestore.com - 763-425-7890 / 800-328-2350

Max GPH	<u>1.3</u>
Max PSI	<u>45</u>
Motor Type	<u>Solenoid</u>
Wetted Material	<u>GFRPP-EPDM-PTFE-CERAMIC</u>
