WALCHEM EJ METERING PUMP WITH PVC & EPDM

Wetted Parts PVC, EPDM, PTFE Valve Balls | 0.3 GPH, 175 PSI | 110 Volt | Connection 3/8"OD x 1/4"ID | Product photo could vary from the actual product

SKU: EJ-B09VFUR
Stock: Out of stock contact us for lead time
Categories: Walchem EJ Pumps
Tags: WALCHEM EJ PUMPS
Model Number EJ-B09VFUR
Part Number NA

PRODUCT DESCRIPTION

• **High Speed Performance**
The EJ Series operate at 360 strokes-per-minute, providing high resolution chemical feed and high turndown capability. Most competitive products operate at slower speeds, resulting in slug feeding, accelerated diaphragm wear and poor feed control.

• **Universal Voltage**
The Universal Voltage Function enables the EJ Series to operate at any AC voltage. The EJ Series also conform to global Standards.

• **External Control**

The EJ Series have both digital input and Stop/Start inputs built into the pump, enabling either proportional or On/Off control.

• **IP65 Equivalent Protection**

A robust housing protects the pump from normal wear. Mounting the Digital Display and Key Pad control within the drive housing creates a highly water resistant design. A clear cover further protects the pump from liquids.
