Model Number EWN-B11PAURH

PRODUCT DESCRIPTION

The EWN Series electronic metering pumps offer superior high speed dosing capability with more standard features. The flexibility of the EWN pump enable it be integrated into virtually any chemical feed application using a universal-voltage, digital controller with an expanded set of control features. Superb valve performance and advanced solenoid engineering combine to make a highly precise pump for the most demanding applications.

www.pfcstore.com - 763-425-7890 / 800-328-2350

The high pressure models are capable of operating at flow rates up to 0.6GPH (40mL/min) at a maximum discharge pressure up to 250PSI. This makes it suitable for applications such as chemical injection into boiler makeup water.
