actual product

SKU: EWN-B11PEUY

Stock: 2 in stock (can be backordered)

Categories: [Walchem EWN Pumps](#)

Model Number EWN-B11PEUY

PRODUCT DESCRIPTION

The EWN Series electronic metering pumps offer superior high speed dosing capability with more standard features. The flexibility of the EWN pump enable it be integrated into virtually any chemical feed application using a universal-voltage, digital controller with an expanded set of control

www.pfcstore.com - 763-425-7890 / 800-328-2350

features. Superb valve performance and advanced solenoid engineering combine to make a highly precise pump for the most demanding applications.

Multi-function Digital Controller

The controller in the EWN-Y pump provides for flexible pump control including scalable Analog control, Digital Input with Multiply and Divide capability, external stop control, batch control, auto output control with the EFS sensor, and basic speed/stroke length control. Display can be adjusted between flow rate units or % speed for easy-to-read output and quick adjustment. The controller is universal voltage so it can be used anywhere in the world.
