## WALCHEM IX METERING PUMP

Connections 1/2"OD | Max GPH  
11.89 | Max PSI 58 | Wetted  
Material PVDF-EPDM-CERAMIC

**SKU:** IX-B045TEN-U

**Stock:** Out of stock contact us for  
lead time

**Categories:** [Walchem IX Pumps](#)

**Tags:** [Walchem IX Pumps](#)

**Part Number** IX-B045TEN-U

## PRODUCT DESCRIPTION

- 1000:1 Turndown Ratio

IX Series pumps use efficient Brushless DC motors for speed control. High resolution motor control adjusts the discharge and suction speeds to meet a full and accurate turndown ratio of 1000:1 and flowrates from 300 L/H down to 7.5mL/H.

- $\pm 1\%$  High Accuracy

Combined with precise motor control, an efficient valve design maintains accurate flow rates to allow a low-cost, mechanically-driven diaphragm pump to achieve a repeatability of  $\pm 1\%$ .

- 70% Energy Savings

**www.pfcestore.com - 763-425-7890 / 800-328-2350**

Helical gears and return spring reduce power consumption by up to 70% compared to conventional mechanical diaphragm metering pumps.

- High Compression Pump Head Design

A fixed stroke length and proprietary liquid end design maintains high compression during each stroke, resulting in fast priming and no gas-lock at any flow rate up to full rated pressures.

Estimated Delivery is 2 to 3 weeks
