WALCHEM IX METERING PUMP

Connections 3/4"NPT | Max GPH 39.6 | Max PSI 58 | Wetted Material Stainless Steel-PTFE

SKU: IX-C150S6N-TB-U
Stock: Out of stock contact us for lead time
Categories: Walchem IX Pumps
Tags: Walchem IX Pumps
Part Number IX-C150S6N-TB-U

PRODUCT DESCRIPTION

• 1000:1 Turndown Ratio
IX Series pumps use efficient Brushless DC motors for speed control. High resolution motor control adjusts the discharge and suction speeds to meet a full and accurate turndown ratio of 1000:1 and flowrates from 300 L/H down to 7.5mL/H.

• ±1% High Accuracy
Combined with precise motor control, an efficient valve design maintains accurate flow rates to allow a low-cost, mechanically-driven diaphragm pump to achieve a repeatability of ±1%.

• 70% Energy Savings

Helical gears and return spring reduce power consumption by up to 70% compared to conventional mechanical diaphragm metering pumps.

• High Compression Pump Head Design
A fixed stroke length and proprietary liquid end design maintains high compression during each stroke, resulting in fast priming and no gas-lock at any flow rate up to full rated pressures.

Estimated Delivery is 2 to 3 weeks

ADDITIONAL INFORMATION

Weight	31 lbs
Dimensions	12 × 22 × 22 in
Connections	3/4"NPT
Max GPH	39.6
Max PSI	58
Motor Type	Direct Drive
Wetted Material	STAINLESS STEEL-PTFE
