PRODUCT DESCRIPTION

Walchem WPHPW100 Controller

Plug into more options in water treatment control!

www.pfcestore.com - 763-425-7890 / 800-328-2350

Three powerful control outputs make the Walchem WPHPW100 a more versatile, high value choice among entry level water treatment controllers.

The WPHPW series provide an economical and reliable way to keep your water treatment program under control.

Key Features:

- Large display with icon based programming makes setup easy
- Universal sensor input provides extraordinary flexibility; the same controller can be used with almost any type of sensor needed
- Multiple language support allows simple setup no matter where your business takes you
- Three control outputs allow the controller to be used in more places than other entry level models

Estimated delivery is 2 to 3 weeks
